VICTIM OF SHOT FIRED BY DETECTIVE

Alfred Doss, Colored, Innocent Man, Probably Fatally Injured

DETECTIVE ARRESTED

Shot Fired Following Reported Trouble at Pay Car at Potomac Yards This Morning

Alfred Doss, colored, thirty-five years old, who lives at 510 North Alfred street, who is employed as a pit laborer at the Potomac Railroad yards, was shot and probably fatally wounded at 10 o'clock this morning at the yards by Detective P. A. Shamrock. Doss was the victim of a stray bullet fired by Shamrock, being absolutely innocent of any wrong doing.

Immediately following the shooting Doss was rushed to the Alexandria Hospital and Dr. M. D. Delaney summoned. The bullet entered the back of his head and later this afternoon it was stated that there was no hope for his recovery.

Shamrock was taken in custody by Sheriff Clements and the county authorities of Arlington county will make an investigation of the case.

This was pay day at the yards and the pay car only a short time previous to the shooting had arrived from Richmond. The men were lined up around the car in large numbers awaiting their pay. The rules of the company, it is stated, forbid employees getting on the side of the car. One white man had done so and another special detective it is stated intercepted him and endeavored to make him get off. The detective and man had an altercation it is alleged trouble it is reported which led Shamrock to pull his pistol and fire. Doss was close by the officer when he fired and was struck in the back of the head.

The shooting created considerable excitement at the yards.

Doss has a wife and two children. Employees at the yards say Doss is one of the most faithful employees at the yards.

NORTON—MITCHELL WEDDING.

Yesterday forenoon at 10:30 occurred the marriage of Miss Florence Quincy Norton and Dr. Andrew Stuart Mitchell. The ceremony was performed by Rev. William Dawson of the Unitarian church at the home of the bride, 21 West Gilman street, before a little company that included two sisters of the bride, Mrs. H. C. Adams of Madison and Miss Charlotte Bond Norton of Chicago, and a nephew, Benjamin C. Adams, head of the Public Utilities of St. Joseph, Mo., besides Miss Laura Mitchell of Milwaukee, sister of the groom. There were no attendants; and in the afternoon Dr. and Mrs. Mitchell left for Alexandria, Virginia, the very place where lived for twenty or thirty years the Cranches, honored ancestors of the bride, who thus, after the better part of a century, might seem to be returning home. However, it was from Boston to the national capital that the first Cranch came. This was Richard, who served as chief justice of the supreme court of the District of Columbia, and whose wife was Mary Smith sister of Abigail who married John Adams, the Smith girls in their turn being of the Quincy family ;and all of them intermarried widely with the Winthrops, the Andrews and about all others notable in early Massachusetts chronicles. The daughter of Richard Cranch became the mother of Richard T. Norton, father of the bride now on her way back to a place honored by the Cranches so long as they remained in official life at Washington. William Cranch, son of Richard, is famous as the compiler of Cranch's Reports, favorably known to every lawyer,—and all this uncommonly interesting data,—so familiar to the intelligent historian.—the modest bride would that the conscientious reporter should wholly overlook!

Dr. and Mrs. Mitchell are old friends indeed, associated, one as chemist, the other as secretary, in the office of the Wisconsin dairy and food commission quite twenty years ago and more. For a decade and a half Dr. Mitchell has been one of the foremost officials in the United States bureau of chemistry and he was a member of the important war trade board during the world war. His bride resided at the national capital as secretary to her brother-in-law, the late H. C. Adams, while he was in congress two terms some sixteen years ago.—Madison, Wis. Democrat.

SLEEPING MONEY AWAITS OWNERS.

Richmond, Va., Oct. 13.—Money that has been sleeping in the First National Bank of this city for many years, and on which there has been no checks or demand, is today being advertised in the columns of The Gazette that the claimants may come forward and make claim for the same. This is the law, and in case there is no demand for the cash it will escheat to the State.

Application for this money must be made to the second auditor who is the judge to sit and determine such applications. Rosewell Page has, as second auditor, adjudicated many of these claims and the money has been paid over to the heirs of the persons to whom the money belonged.

Under the laws of the State the auditor of public accounts is required to advertise the money on deposit, affording the claimants or owners a chance to set up their ownership.

The occasion was enlivened with music and there was a smoker and refreshments were served.

The new clubrooms are all on the first floor and consist of a reading and lounging room, pool room, office and other rooms. The upper floors will later be remodeled into apartments. A caretaker will occupy one of the apartments and he will have the club open night and day.

Members of the club were congratulated on the neat appearance of the new club. The Master Masons' Club has been organized but a few years in this city and formerly had rooms in the building at the southeast corner of King and Washington streets.

POLES SIGN PEACE WITH RED RUSS

Armistice and Treaty Formally Sealed at Riga

EFFECTIVE MONDAY

Work Causes Delay—Expects Permanent Peace of Bolsheviki With Baltic Neighbors.

Riga, Oct. 13.—A preliminary peace treaty and armistice was signed by the Polish and Russian Soviet peace delegates here at 7:10 o'clock last night, after 20 days deliberation.

The armistice actually becomes effective at midnight October 18, that is 144 hours from midnight last night.

The announcement that peace was to be signed brought great crowds to the square surrounding the Black Head House. M. Joffe and the Bolshevik delegation entered the hall first and were followed by M. Domski and the Polish delegation. About 300 persons, including the entire diplomatic body, and prominent Lettish officials crowded the small room, many of them standing.

Considerable delay ensued, which was due to the physical work necessary for the completion of the treaties for signature. Tired by more than five days and nights of almost constant work, M. Joffe looked extremely pale, but his voice showed no nervousness when he announced without rising that the treaty had been completed and began reading the Russian text.

The head of the soviet delegation described the Riga peace as "a peace without victory and without vanquished" in a brief address before the signature of the treaty. That describes the Riga agreement accurately as it appeared to disinterested onlookers. It was a peace of give and take, which those who have followed the course of events fear will not be very popular either with the Bolsheviki or the Poles.

But it is undoubtedly a triumph for the two chairmen who made it, and the spirit of conciliation with which they handled the explosive questions that disrupted the Minsk conference is likely to win for them the gratitude of a war-exhausted world.

The Riga armistice will put the Bolsheviki at peace with all their Baltic neighbors within 144 hours from midnight last night and leave the Wrangel movement as the only great military operation against the Soviets.

M. Joffe called attention to the many difficulties encountered in arranging the armistice and also to the harmonious manner in which the delegations carried out the negotiations. He also expressed the belief that the foundation has been laid for a permanent peace, as both nations are absolutely tired of war and unwilling to assume responsibility for continuing the strife.

NEAR EAST RELIEF.

Repudiation of sensational reports from Constantinople to the effect that funds had been used extravagantly by officials of the Near East Relief is made in the following statement received today from C. V. Vickrey, General Secretary of the Near East Relief.

"1. I was in Constantinople at the time the arrests were being made, and, as General Secretary, am personally familiar with the entire situation.

"2. There were thefts from our warehouses. They were discovered by our own bookkeeping system of thoroughly business methods of keeping warehouse accounting records.

"3. Not one of the more than five hundred officially accredited representatives of the Near East Relief at present from New York is in any way involved. The charges are confined exclusively to employees who were engaged locally.

"4. The men who are now under arrest in Constantinople did use intoxicants, which by drastic ruling is barred by the Near East Committee. The men were ex-army men, employed locally in the wine house, without the appointment, approval of knowledge of the Committee in New York.

"5. As General Secretary of Near East Relief, intimately associated with the organization for nearly five years, I do not know of a single penny of Near East Relief funds that have ever been spent, in any place or in any form, for wine or other alcoholic beverages, and no considerable expenditure of this kind could have been made without my knowledge. I grant the possibility of the employees above referred to having without my knowledge, purchased drinks for Turkish officials or others, but any such action brought to our knowledge would have subjected them to instant dismissal.

"6. The warehouse thievery is relatively small—by latst official reports less than $20,000. More than $10,000 of the stolen goods have already been recovered and the remainder probably will be.

"7. More than $50,000 of cash and supplies have been administered without the known loss of a dollar from dishonesty on the part of any of our officially accredited employees. More than 500 heroic American men and women, who, at great personal sacrifice have administered this relief, some of them literally becoming martyrs, saving dying lives as victims of typhus or other contagious diseases contracted while ministering to the needy. Two hundred and twenty-nine orphanages are maintained in connection with which 110,000 children are cared for. Sixty-three hospitals are operated, caring for daily approximately 7,000 patients. As many as 500,000 persons [illegible] by the testimony of competent American authorities, living today would have perished last year had not been for American relief.

"8. The alleged breaking of a bottle of champagne, of which I was General Secretary of the organization have [illegible] no knowledge, is apparently a greater sensational importance than the service the American [illegible] have rendered and are continuing to render in the salvaging of [illegible]."

YEGGMEN GET $35,000 LOOT

Danville, Va., Oct. 13.—Professional yeggmen, using heavy charges of nitroglycerine, blew the door off the big vault of the Bank of Halifax, at Houston, near here, blew open another smaller iron safe, stole $35,000, and escaped without the residents of the town even awakening.

Four thousand dollars of the loot was in cash. The rest was in negotiable papers, Liberty bonds, and War Saving Stamps. Before leaving, the robers ransacked the entire bank, even examining all the private papers, which they left scattered about the floor.

The tale of a big, seven passenger motor car, seen hurtling through the county seat, in the direction of Houston, at midnight, and of the same car, according to description speeding south with drawn curtains through the town of South Boston at 3 o'clock yesterday morning, are the only clues the authorities have to work on.

A description of the automobile leads to the belief that it is the property of Dr. C. W. Pritchett here, from whom it was stolen early yesterday evening. This causes the police to believe the thieves are members of a band which has been preying on numerous towns in this vicinity for several days past.

The robbery was perpetrated, it is believed, at 2 o'clock this morning. The timing mechanism on the wrecked vault stopped exactly at that hour. An oxygen flame was used to burn holes for the explosive. The heaviest of charges of nitroglycerine were used, evidently, and there were two separate blasts, but no one in Houston, a small township, heard eother. The robbery was not discovered until yesterday morning, when the negro janitor opened the building.

The bank's loss is fully covered by insurance.

[illegible]TANT CONFRONT PEOPLE

Pat Harrison Says Harding's Last Trip Has Scared His Managers.

New York, Oct. 13.—The latest trip West of Senator Harding, Republican Presidential nominee, has convinced his managers that he cannot confront the people, and must be returned to his front porch," Senator Pat Harrison, Chairman of the Democratic National Speakers' Bureau declared in a statement issued here yesterday.

"It was amusing to read where they were so anxious to get Senator Harding back to Marion that a special train was run and no stops for speaking were allowed, getting him into Marion five hours earlier than schedule," Senator Harrison said.

"He is running to cover. The cancellation of his speaking dates is another illustration of the fright in which his managers are thrown and their conviction that it will not do to allow him to go before the people.

"The campaign of misrepresentation, duplicity and deception waged by the Republican leaders now has spent its force. West Virginia, Indiana and Ohio are assuredly Democratic. We have cinched 14 States in the West and from now on the drive in New York, New Jersey and the New England States will be intense. If the Democratic trend continues as it is going now, not only will Al Smith be reelected Governor of New York, but Cox and Roosevelt will sweep the State."

Held-Up Victim Slays Robber and Routs Four Others.

New York, Oct. 13.—Four men seized William Stern, a jeweler, yesterday, and dragged him into a hallway, covering him with revolvers. As they leaned forward to frisk him, Stern pulled a revolver and shot the "frisker" dead. The others fled with Stern at their heels.

Thirty-ninth street is a street of theaters and was crowded. Stern sent a bullet whistling through the flying coat tails of one of his assailants, Pasquale Mille and Stern were arrested.

The dead man is Paul Boytano. He was formerly a taxi driver.

Stern explained that he had in his possession several thousands of dollars worth of jewelry and about $100 in cash. He said he was accustomed to carry jewelry about with him and had a permit to carry a revolver.

IN MEMORIAM.

ANNIE I. HAYDEN—Who departed this life 2 years ago yesterday, October 12, 1918.

What is home without a mother?
All things the world may send,
When we lost our mother
We lost our dearest friend.

She wore a crown of patience
Through the years she struggled on,
Those hands that rest forever
Were the hands that made our home.

I often sit and think of you
When I am all alone.
For memory is the only friend
That grief can call its own.

The golden gates were open,
A gentle voice said come,
And with farewell unspoken
She calmly entered home.

By her husband, Luther Hayden, and children. 245-1p

How To Keep in Good Condition

Sound nerves, a clear head, good digestion, strength, endurance and general health depend upon clean blood. If the kidneys and bladder do not properly perform their functions, the blood cannot be clean and pure, for these organs filter and cast out the waste matter, impurities and poisonous acids that cause nervousness, rheumatic pains, backache, languidness, sore muscles, swollen joints, stiffness, puffiness under the eyes and other weakening symptoms.

WAS RELIEVED AT ONCE

"I was afflicted with kidney and bladder trouble for nearly 8 years. Had one very bad spell about 5 years ago. Was confined to bed for 4 or 5 days, unable to turn without help. I commenced using Foley Kidney Pills and can truly say I was relieved at once. I take pleasure in recommending your kidney pills to all who have kidney trouble." John Heath, Michigan Bar, California.

FOLEY KIDNEY PILLS

soothe, strengthen, heal overworked, weak and diseased kidneys and bladder. When these organs are working properly, the blood is cleansed and purified, appetite returns, good digestion follows, refreshing sleep is possible, health and strength come again. They have brought relief to thousands of men and women who thought old age was coming on before it was due.

Mrs. H. A. Miles, 1209 Prince St., says: "My back pained so I couldn't do my housework without a great deal of misery. I had sharp twinges through the small of my back over my kidneys and I felt weak and languid. Mornings I just hated to get up. My kidneys were sluggish. I only had to use one box of Doan's Kidney Pills before I could feel I was getting better. The pains eased up and my kidneys were regulated. Husband Bereft Two Days After Wedding, Appeals to Court.

Trenton, Oct. 13.—Charging that his father-in-law, Thomas Phillips, Sr., carried off his wife two days after their marriage and is now holding her a prisoner, Daniel I. Youmans, of Jersey City, has procured from Vice Chancellor Lewis an order directing Phillips to produce his daughter, Mrs. Veronica Youmans, in court.

According to Youman's complaint, Phillips took his daughter to his home at Keansburg, on the morning of September 12, two days after their wedding, and has not allowed her to leave. No reason is given for the father's action.

Washerwoman Had Fortune.

Chicago, Oct. 13.—Neighbors of Mrs. Alice Berkman, who knew her only as an elderly widow eking out a precarious living by drudgery over washtubs, heard with surprise yesterday that after she had dropped dead yesterday the police had found more than $5,000 in her clothing and in banks. In one of her stockings was a package containing $2,100, she had a deposit of $5,000 in the Illinois Trust and Savings Bank, and a considerable sum was pinned inside her corset.

Mrs. Berkman's husband died several years ago and she sold most of their belongings and took up her abode in a one-room house on the edge of the lonely prairie. She had been engaged by a number of families to do their washing and while thus engaged at the home of D. N. Harnly she fell dead over the washtub.

Wilson Calls Conference To Adjust Anthracite Award.

Washington, D. C., Oct. 13.—President Wilson yesterday notified representatives of anthracite miners that he would request a joint meeting of operators and miners to be held at Scranton October 18, for the purpose of adjusting any inequalities in the recent wage award.

The President in his message congratulates the miners for their promptness in complying with the award of the anthracite commission. The telegram, addressed to John Collins, Scranton; Thomas Kennedy, Hazleton; C. J. Golden, Shamokin, and Phillip Murray, international vice president of the United Mine Workers, Indianapolis, said:

"I am in receipt of your telegram advising me that the anthracte miners have returned to work in accordance with the terms of their agreement, and asking that I call the representives of the anthracite operators and miners into joint conference for the purpose of adjusting inequalities in the present agreement.

"I congratulate you and the miners you represent upon the prompt manner in which you have complied with the award of the anthracite coal commission. I am convinced that the future of collective bargaining depends upon the fidelity with which each side adheres to the terms of their contracts. If any inequalities exist in an argeement, I can see no objections to their being corrected if both sides can agree upo na remedy.

"In compliance with your request, therefore, I will request the representatives of the anthracite operators and miners, and do hereby request them, to meet in joint conference in the city of Scranton on Monday, October 18, at 11 A. I am sending a copy of this telegram to the secretary of the joint scale committee of the anthracite coal field, with a request that it be communicated to both operators and miners."

"Homespun Folks," Newest Thos. H. Ince Drama, Here.

Heralde dby film critics as a notable addition to the ranks of rural classics, Thomas H. Ince's great Associated Producers special production, "Homespun Folks," is scheduled as the featured presentation at the Richmond Theatre today and tomorrow.

With the honor of American manhood as its theme, a broiling political campaign as its plot and a locale which takes audiences back to the old homestead of a gentle New England village, "Homespun Folks" is described as the most human, absorbingly wholesome document yet contributed to the cinema.

The genius of Thomas H. Ince is said to find its truest expression in this new super-photodrama under the banner of the famous Associated Producers, Inc., an alliance composed of Ince, Mack Sennett, Marshall Neilan, George Loane Tucker, J. Parker Read, Jr., Allan Dwan and Maurice Tourneur.

Not since the original stage presentations of the time-honored "Way Down East," "Sis Hopkins" and "Shore Acres," have the sentiment and courage of rural America been so faithfully depicted as in the latest special attraction from the Ince Studios.

Douglas Fairbanks in a repeat production of "His Majesty, the American," will be shown at the Ingomar today.

London Newsie To Wed Heroine Of World War.

London, Oct. 13.—Sam P. Coles, London's King of the Newsboys, will marry Adela Victoria Robertson at St. James, Piccadilly, today. The bride-to-be is 31 years old. She came to England from New York with the Canadian Red Cross and is now attached to St. John's ambulance. She wears a row of decorations.

The marriage was to have taken place yesterday, but was postponed twenty-four hours because of a technicality concerning Miss Robertson's passport.

World's Turf Honors Taken By Man O'War.

Detroit, Mich., Oct. 13.—Man o' War beat Sir Barton. When that is said practically all is said. He won easily—simply.

A great, handsome, powerful, irresistible 3-year-old—the best 3-year-old that ever looked through a bridle, and perhaps the best thoroughbred that ever looked through a bridle—beat a grand little game 4-year-old when Man o' War galloped home ten lengths in front of Sir Barton in their special race for a purse of $75,000 and a $5,000 gold cup at the Kenilworth track, near Windsor, yesterday afternoon.

Coughlin-Baby Lost Forever.

Philadelphia, Pa., Oct. 13.—Details of the confession of Augusto Pasquale, the "Crank," were yesterday made public by Major Lynn G. Adams of the State Police. The confession revealed how the "Crank" had murdered, robbed, and finally had kidnaped the Coughlin baby, in his checkered career of crime until he was apprehended.

Pasquale revealed the fact that he had smothered the Coughlin baby and had thrown him into the Schuylkill river at a spot about two miles from the Coughlin home. It was the shrill cry of the infant, he said, sounding into the still night air that first attracted the attention of the master criminal as he walked by the Coughlin house.

$220,000 IN GEMS LOOT OF THIEVES

Philadelphia, Oct. 13.—Gems worth $220,000 were stolen from the boudoir of Mrs. George McFadden, of Bloomfield near Villanova, last Friday evening. Three insurance companies have united in offering $25,000 for the recovery of the jewels.

The theft was kept a secret from Saturday morning, when it was discovered, until late yesterday afternoon, while detectives tried to determine whether it was an "inside job" or the work of a clever "second story man." They now incline to the former belief, it is said. There are fourteen servants at the McFadden home. One of them has been grilled by police but none has been arrested.

The robbery followed a dinner party given to seventeen socially prominent guests by the McFaddens to celebrate their return from Europe. All the guests, it is stated, are persons known to the McFaddens for years.

LOVER'S TRAGIC SUICIDE

Plunged Knife Into His Breast While Girl Looked On.

Philadelphia,, Pa Oct. 13.—While a girl friend looked on horrified, Seymour Blau, 26 years old, of No. 609 South Fifty-sixth street, plunged a butcher knife into his breast, causing a wound from which he died early Tuesday at the Misericordia Hospital. The suicide of the young man occurred in the butcher store at the home of the girl, Miss Ethel Auritsky, No. 252 South Sixtieth street.

Insane jealously is said to have been the motive prompting Blau to commit this desperate deed. Miss Auritsky said the man heard her talking over the telephone to a male cousin while he was calling, and that fact seemed to disturb him.

"After I had hung up the receiver," said the girl, 'he followed me into the store. As he walked past the meat block a sudden impulse seemed to seize him. He picked up a knife that lay upon the block and plunged it into his breast."

The girl did not know of Blau's death until late yesterday, when she was prostrated by the news. Before dying, Blau had made a statement exonerating her from all blame in connection with the tragic affair. The two had been friends for more than a year.

CHLORFORMS DAUGHTERS, THEN GIVES HIMSELF UP

Farmer Leads Sheriff To Spot Where Bodies Had Been Buried.

Lansing, Mich., Oct. 13. — Earl Roop, a farmer living near here yesterday confessed, according to Sheriff Sibbee, that late Monday he chloroformed his two daughters, 2 and 3 years old, and buried their bodies in the bed of the Red Cedar river, a short distance from his home.

The two girls, the Sheriff said, had been in the fields with Roop. In the evening the farmer returned to his home and assured his wife, who was ill and in bed with her six-day-old son, that the girls were safe and would be home shortly. A few hours later he started for the Sheriff's office at Mason, where he surrendered and made the alleged confession.

After Roop had told his story, sheriff's officers went to the river, led by Roop, and uncovered the bodies. Despondency according to the alleged confession, was the motive for the crime. Roop is being held on a charge of murder.

"DID MORE THAN I THOUGHT POSSIBLE"

"Everything I Ate Felt Like Lead In My Stomach" He Says Feels Like New Man Now

"I had taken Tanlac only three or four days before I began to straighten right up," declared George H. Volz, 1517 Halifax Street, Petersburg, Va., Mr. Volz is a shoemaker by trade and has lived in Petersburg all his life.

"Why, the first bottle of this medicine helped me more than I believe any medicine could," he continued. "For three years I had suffered with indigestion so bad that everything I ate seemed to lie like a lump of lead in the pit of my stomach and gas would form, bloating me all up and causing the worst kind of pain and such severe spells of palpitation of the heart I could hardly get my breath. My liver was out of order, and I was constipated all the time. I suffered awful headaches and always had a mean, disagreeable taste in my mouth. I often got so dizzy I could hardly stand up and could see black spots before my eyes. I was so nervous it was almost useless for me to go to bed for I could not sleep and got up in the mornings feeling unfit for anything. I felt tired and worn out all the time and was so badly run-down I was hardly able to work.

"One day I read a testimonial from a party I know who recommended Tanlac so highly I immediately got me a bottle and I improved so much before I had finished it I felt like a new man. I have finished my third bottle now and my stomach is in such fine condition I can eat anything I want and do not suffer from indigestion or gas afterwards, in fact, all of my troubles have left me and I am getting the finest kind of sleep every night and get up in the mornings full of energy ready for a big day's work."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and Gibson's Drug Store.

Mabel McKinley—Niece of the Late President of the United States—Takes Nuxated Iron for Health and Strength

And Says She Regards It as The Ideal Tonic For All Weak, Run-Down Nervous Women

Miss McKinley has a voice of unusual quality and it was following her work singing for the soldiers that she became weakened and run-down and had recourse to Nuxated Iron. Once more in superb physical condition, Miss McKinley says she is convinced that Nuxated Iron has no equal as a Strength, Health and Blood-Builder.

Dr. George H. Baker, Formerly Physician and Surgeon Monmouth Memorial Hospital of New Jersey, Explains Why Iron Is One of the GREATEST OF ALL STRENGTH BUILDERS

Says: He has found nothing in his experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Every woman who wishes to possess health, strength and beauty, should carefully read the statement of Miss McKinley who, after her personal use of Nuxated Iron, tells of the results she obtained.

Miss McKinley says: "While I had often heard of Nuxated Iron I must admit that prior to using it myself I had no idea of its remarkable value for building up the health and strength.

"Following the strain imposed by months of the most exacting work singing for the soldiers in the various army encampments, together with social engagements and charitable pursuits, I found myself in such a weakened, run-down state that I feared a complete collapse.

"It seemed utterly impossible for me to drop everything and go away for a complete rest, but I realized that as my condition was serious I must either do this or find something that would actually rebuild my waning strength and enable me to continue my activities.

"I had always been prejudiced against tonic preparations which, for the most part, I found only acted as a temporary stimulant and usually left one worse off than ever. However, when my own family physician insistently recommended that I give a fair trial to Nuxated Iron, I consented to begin its use, with the result that after a few days the weakness and exhaustion from which I suffered began to be replaced by a feeling of renewed strength and vitality. In less than three weeks' time my whole system was tingling with energy and power and I was overjoyed to find that I was once more in superb physical condition.

"Nuxated Iron has accomplished so much for me that I regard it as the ideal tonic for all weak, run-down women. As a strength, health and blood-builder, I am convinced Nuxated Iron has no equal."

In commenting on Miss McKinley's statement, regarding the efficacy of Nuxated Iron, Dr. Ferdinand King, New York Physician and Medical Author, says: "It is my opinion that in practically nine times out of ten, unstrung nerves and failing strength and vitality are due to deficiency of iron in the blood. Many a woman who is run-down, nervous and who quickly tires out, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron, might readily build up their red blood corpuscles, increase their physical energy, and get themselves back to vibrant and vigorous health. By enriching the blood and increasing its oxygen carrying power, Nuxated Iron will often transform the flabby flesh, toneless tissues, and pallid cheeks of nervous, run-down women into a glow of health, and make them look younger within a surprisingly short time."

Among other physicians asked for an opinion was Dr. George H. Baker, formerly Physician and Surgeon Monmouth Memorial Hospital, New Jersey, who says: "What women need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs but plenty of rich, pure blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood-builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron."

MANUFACTURERS' NOTE: Nuxated Iron, which is recommended above, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. Each tablet of genuine Nuxated Iron is stamped as follows and the words Nuxated Iron are stamped into each bottle, so that the public may not be led into accepting inferior substitutes. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists in tablet form only.

Not only are these pimples and splotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. N&W. Announces Cut of 20 Per Cent

Roanoke, Va., Oct. 12.—Notice of 20 per cent reduction in the shop forces on the Norfolk and Western Railway system, beginning with laborers and helpers, effective October 16, has been posted in the company's shops, it was learned here yesterday.

N. D. Maher, president of the road, last night announced that the reduction in the working forces would be gradual and that "proper notice will be given in every case."

The reductions are prompted by heavy operating expenses, an official said. He pointed out that the road spent approximately $1.16 for every dollar earned, and that the September report would be "very discouraging" despite the increased passenger and freight rates.
